

To Whom It May Concern:

I am writing on behalf of San Bernardino Free Clinic to request support for our mission. San Bernardino Free Clinic (SBFC) is a non-profit under our parent organization, Well One Health. We hope to provide much-needed medical assistance to those who lack access to proper medical care and address the health disparities of San Bernardino County and the underserved community in the Inland Empire as a whole. We have been serving the community since 2015 and operate every 1st and 3rd Saturday from 9:00 A.M. to 12:00 P.M. at St. John's Episcopal Church.

We are a full-service primary care medical clinic serving the underserved patients with continuity-of-care and educational information provided by nurse practitioners, undergraduate students, and community groups, medical practitioners and medical students supervised by faculty of the UCR School of Medicine. At SBFC, a variety of free primary-care services are offered which includes physical checkups, hypertension, cholesterol, and diabetes management, women's health, prescriptions and medication vouchers, and blood sugar tests. In addition, we provide referrals to services and resources we may not be able to provide, such as specialists, homeless shelters, nutritionists, and social workers.

SBFC has the privilege to serve a diverse population of patients who may struggle to find access to and receive healthcare. Oftentimes, our patients face socioeconomic hardships that make it difficult to afford basic necessities. San Bernardino Free Clinic is the only accessible and reliable source for many members of the community to turn to for medical care.

Your contributions will impact our clinic more than ever, as we navigate through this pandemic together. We cordially ask for your kind consideration. Any monetary support, goods, or services, no matter how small, can make a big difference in the lives of the patients we serve. As it stands, our current means of receiving direct monetary support is through our Venmo while tax-deductible donations are addressed to our parent organization:

Venmo: SBFC-SOM  
Well One Health's EIN #: 47-3356072

Please accept our sincere thanks and gratitude on behalf of the San Bernardino Free Clinic and the patients we provide for. All contributions will be duly recognized in our growing social media platform, website, and pamphlets. Your consideration and continual support in our efforts to provide free, accessible healthcare to our underserved community members is deeply appreciated.

With much sincerity,

A handwritten signature in black ink, appearing to read "Anthony Nguyen".
